— *Crafted Treasures*

Fall - Winter 2021

— *Crafted Treasures*

In early autumn I find nothing more comforting than spending long nights by the fire place conversing with friends or in the kitchen refining family recipes, with a well-mixed Negroni in hand.

The new collection is an ode to that playful and nostalgic essence of fall; thoughtfully designed objects that celebrate a rite of passage.

The first step is turn off the lights and rely on flickering flames instead. The new ceramic Templo candle holders create an instant welcoming feeling. Mixing and matching the different colours and textures isn't only fun but also relaxing.

In the kitchen, the pleasant scents of heart-warming food are taking over. The braided Sicilia trivets protect your dinner table from steaming serving dishes, while the multi-use clips help you to mark recipes in your favourite cookbook.

A sympatehic and soft colour pallete is essential to create a cozy ambience. For this reason, many of our classic items are back in new shades.

Make recuperative rituals a top priority. We all deserve a little bit of joy, especially through these tumultous times.

Stay positive, stay happy!

SICILIA CERAMIC COLLECTION

The Sicilia ceramic baskets and trivets typify the Southern European aesthetic of organic forms and geometric lines. Showcasing both expert craftsmanship and the purity of the natural materials used, the items perform both as a practical and decorative piece.

The baskets and trivets are made of delicately woven earthenware, creating a striking swirled pattern. This visual fluidity is enhanced by a fine, glossy glaze in contemporary colours. Elegant and refined, they introduce an authentic and stylish quality to any space.

TEMPLO CANDLE SCULPTURES

These artisanal candles are inspired by imaginary objects from the altars of ancient mythology. The transient nature of the hand poured wax combined with the relic sculpture create an art piece that melts as a performance, transforming slowly over time.

The eclectic palette of shapes in soft colours make a statement of their own. Cluster them together to form a chic ensemble on your dining room table or mantle.

Your home is a temple.

Adorned with Hayon's characteristic line illustrations, the paper vases come in our signature shades white and blue with bold strokes in gold. As we always find great inspiration in ancient mythology, Hayon's face drawings match perfectly with our obsession with Greek and Roman gods. The result is a superb symbiosis of both traditions.

THE MYTHOLOGY COLLECTION

All over the Mediterranean there are ancient myths that concern the origin and the nature of the world, the lives and activities of magical creatures, heroes and deities.

The Roman goddess Venus, emerging gracefully from the sea on a shell, is the embodiment of love, beauty and strength, magnificently enchanting and so many things more. She puts a spell on you, and now you are hers.
